Cyberport Led Start-ups to Participate in “2024 Hong Kong Talents Beijing Tour” and “HICOOL 2024 Global Entrepreneurship Summit and Entrepreneurship Competition”

Promoting Talent Exchange Between Beijing and Hong Kong and Showcasing Innovative Technology Achievements

Hong Kong, 30 August 2024 – **Cyberport** led five start-ups to participate in the “**2024 Hong Kong Talents Beijing Tour**” co-organized by **Hong Kong Alumni Association of Beijing Universities (HKAABJU)** and **Beijing Overseas Talents Center (BOTC)**, and visited Beijing from 23 to 29 August to promote exchanges and collaboration between young talents in Beijing and Hong Kong. During this period of time, they also exhibited at the “**HICOOL 2024 Global Entrepreneurship Summit and Entrepreneurship Competition**” (August 23-25), showcasing Hong Kong's innovation and technology (I&T) achievements.

With the theme of "New Quality Productive Forces Driving Collaborative Innovation", the “**HICOOL 2024 Global Entrepreneurship Summit**” is a comprehensive international talent event centred around entrepreneurship competitions for talents from home and abroad. The representatives of the Cyberport start-ups participated in relevant thematic forums and showcased their diverse products and solutions, covering areas such as Fintech, AI, Smart Living, SocTech and Web 3.0, etc., demonstrating the technological development and innovative achievements of Cyberport as the I&T hub of Hong Kong.

Rocky Cheng, CEO of Cyberport, said, “As Hong Kong's digital technology flagship and incubator for entrepreneurship, Cyberport is committed to fostering a thriving innovation and technology ecosystem and serving as a gateway between the Mainland and the world. We are honoured to participate in the "2024 Hong Kong Talents Beijing Tour" and the "HICOOL 2024 Global Entrepreneurship Summit and Entrepreneurship Competition” at the invitation of the Hong Kong Alumni Association of Beijing Universities, aiming to facilitate interaction and exchange between the two regions, and drive closer cooperation in innovation and technology. Through these initiatives, we hope to strengthen collaborative research commercialization and market adoption, jointly building a diverse and robust I&T ecosystem that contributes to the high-quality socioeconomic development of Hong Kong and our country.”

Elizabeth Lee, Chairman of HKAABJU, said, “Hong Kong and Beijing have close ties and great potential for cooperation in the field of technological innovation. The ‘2024 Hong Kong Talents Beijing Tour’ provided a valuable exchange platform for young people from two places, promoting cooperation between Beijing and Hong Kong in the areas of innovation and entrepreneurship, and the transformation of technological achievements. We are pleased to see the outstanding start-up representatives recommended by Cyberport actively participating in various activities in Beijing, demonstrating the innovative vitality and international vision of Hong Kong youth. HKAABJU will continue to be committed to promoting talent exchange and cooperation between Beijing and Hong Kong, facilitating the

sharing of technological innovation resources and complementary advantages between the two places, jointly promoting Beijing-Hong Kong technological cooperation to a higher level, and contributing to the construction of an international science and technology innovation center.”

In addition to participating in the “HICOOL 2024 Global Entrepreneurship Summit and Entrepreneurship Competition”, the Six start-up representatives from five Cyberport start-ups visited several key locations in Beijing, including Zhongguancun Life Science Park and Future Science City in Changping District; the Wangjing Overseas Students Pioneer Park and ITEC Industrial Park in Chaoyang District, the Hydrogen Industrial Park in Daxing District, the Beijing High-level Automated Driving Demonstration Area in Beijing Economic-Technological Development Area (BDA) in Yizhuang, the Zhongguancun Science Park in Xiong’an New Area, and Tongzhou District to learn about the latest urban development, among other things. The delegation also actively engaged in various sessions focused on innovative technology achievements with district government officials, public institutions and local enterprises in Beijing, to understand the latest talent policies, and research development in each district, exchange on the technology application and explore business development and collaboration opportunities within the regional technology sector. Additionally, the delegation participated in the “2024 Beijing Overseas Chinese Talent Conference for Development” to exchange ideas with overseas Chinese professionals from various sectors.

The start-ups participating in this event focus on areas such as AI, big data, and smart manufacturing, and have won national or international innovation awards, including: **Votee AI**, which launched a self-developed Cantonese large language model (LLM); **Youtoo Robot**, which develops application software for smart industrial robots; Maritime and green energy insurance platform **Anlan Infotech**; **MVisioner**, which develops 3D Intelligent Pathological Medical Image Solutions; and **Sourcy Global**, an AI-powered sourcing platform.

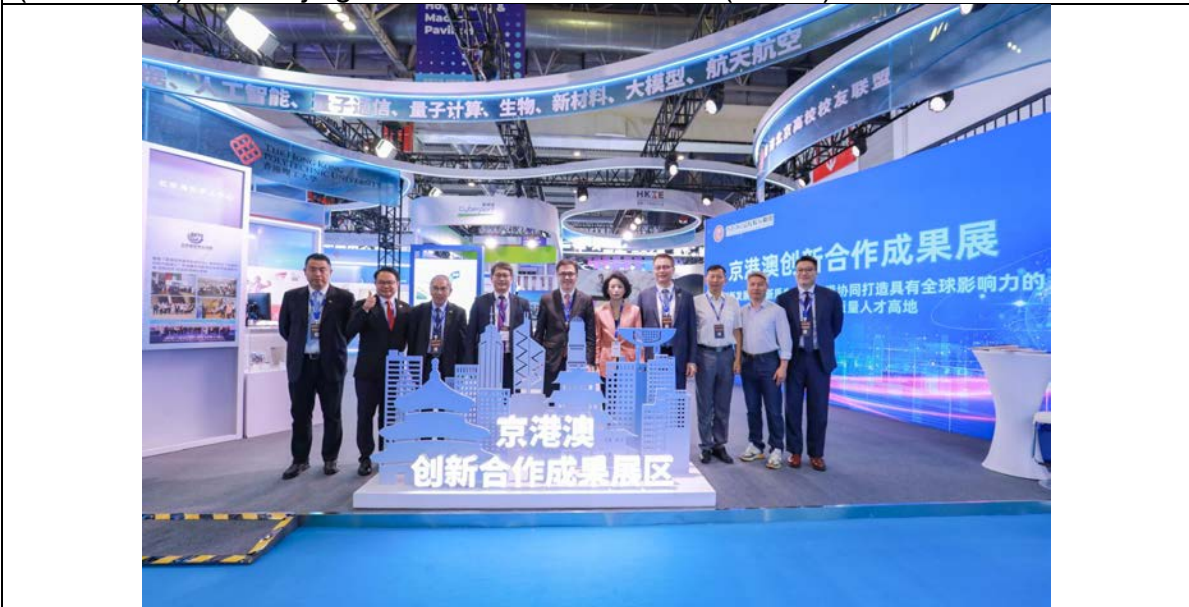

Cyberport signed an MoU with HKAABJU in April this year to jointly promote the "Beijing and Hong Kong Web3.0 Ecosystem Partnership Programme”, facilitating exchanges between Beijing and Hong Kong enterprises, nurturing more young innovation and technology talents, and jointly building a diversified I&T ecosystem.
